January - Week 1

A new chapter in God's story means a new BIG IDEA: God Leads Us. God leads us, but we don't always do the best at following? We like to go our own way and think we know what's best! We forget how much power God has! In this week's story, God made THE SUN STAND STILL (Joshua 10:1-15). Use the space below to draw something AMAZING in creation and then write our memory verse from the month below your picture to remind yourself that God has power as He leads and guides you - you can Him!

Four horizontal dashed lines for writing the memory verse.

Psalm 32:28
