May - Week 1

A new chapter in God's story means a new BIG IDEA: Jesus TRANSFORMS our lives! This week, we started out by seeing how God used Peter to transform a beggar's life - Peter didn't have any of the power on his own to heal the man, but God empowered Peter and worked THROUGH him. God is ready to empower us as well. Read back through the story in Acts 3 and then draw a picture showing how you think God has empowered YOU in life or how you think that scene in Acts 3 might have looked. Then, add in your memory verse at the end!
