

## Review and Application

*(Jeremiah 29:13)*

This whole summer was an adventure in discovering "True North". What does that mean? A compass points to "magnetic" north wherever you are, but "magnetic" north changes a little bit year to year. True north is an exact, specific spot on the Earth. True north never changes.

When we say that Jesus is our True North we know that Jesus does not change. He is the same today as he was yesterday and will be the same tomorrow. Whatever happens to the world around us, changes in how people think or act, what people decide is wrong or right, whatever is of this world, Jesus remains the same. He is our truth and our life.

When we fix our eyes on Jesus, we know we are going the right direction in our life. How do we know what to do? We do this by knowing Jesus. We gear up and get prepared by reading God's word. We step up and live our lives by the examples of the people in the bible who did the right things by God even when it wasn't easy. Then we continue to look up, to keep our eyes on Jesus, how he lead the way and how we can continue his work here on earth.

Remember:

"When you look for me with all your heart, you will find me." Jeremiah 29:13
